Course Description: This course will include participating in locomotor skills (dance, game, or combination with non-locomotor skills) that demonstrate mature form in the hop, jump, and leap skills. Students will demonstrate the ability to move in a variety of pathways, in different directions, and at different levels in personal and general space. Several non-locomotor skills will be utilized in a sequence or in conjunction with locomotor or manipulative skills. Students will demonstrate the ability to direct manipulative objects toward an intended target.

The physically educated student has developmentally appropriate grade-level comprehension and application of the concepts and principles of fitness, motor skills, movement patterns, tactics, and strategies which contribute to a physically literate and active lifestyle.
